- Millennium Dance: Hip Hop, Grades 3-8
- Wasatch Music Instruction, Grades K-8
- Beginning Techies Improv, Grades 4-6
- Intermediate Techies Improv, Grades 5-8
- Advanced Techies Improv, Grades 6-8

Explorations:

- Futsal Training: Beginners, grades K-2
- Futsal Training: Next Step, grades 3-8
- Spark Lab: Problem Solvers Challenge, grades K-2
- Chess, grades 1-8
- Lego Engineering: Introduction to STEM, grades K-2
- Lego Engineering: STEM Challenge, grades 3-6
- Nerd Hour, grades 5-8
- Game Creation & Play-Testing, grades 5-8

Foreign Language:

- AfterSchool Spanish, grades 1-2 Beginners
- AfterSchool Spanish, grades 1-2 Intermediate
- AfterSchool Spanish, grades 3-5 Advanced
- AfterSchool Hebrew, grades K-2
- AfterSchool Hebrew, grades 3-5

Performing & Visual Arts

Visual Art Institute - Illustrator to Author:

This Spring, our AfterSchool watercolor class will take to creating books! Here's your chance to write and illustrate your own story. We will develop characters, write a story, and build a storyboard. Once satisfied with your plan, you will start working on your final copy. As you construct your book, we will use watercolors and mixed media as the medium to bring our stories to life. During our final class, we will host a Gallery Stroll, where authors will have the opportunity to share their hand-bound masterpieces with families and friends.

Grades: 1-4

Instructor: Barbara & Lauren Kidd

When: Mondays

Time: 3:30-5:00

Class Starts: January 28th

Class Ends: April 8th

Total Sessions: 10

Location: LS Art Room

Fee \$190.00

Registration & Payment: Please contact Lauren Kidd at lkidd@mcgillisschool.org

Millennium Dance - Hip Hop Fundamentals K-2

Break dancing, rhythm, percussion, beats, grooves, and a DEEJAY! Come learn the fundamentals of Hip Hop Dance while learning techniques and the roots of where it all started. Each class will begin with a warm up and jump right into dance techniques. This class will wrap up with a performance showcasing the students' work from the 8-week course.

Grades: K-2

When: Fridays

Time: 3:30 - 4:15

Start Date: February 1st

End Date: April 5th

Total sessions: 8

Cost: \$140.00

Registration & Payment: Please contact Koni Wray at koni.wray@gmail.com

Millennium Dance - Hip Hop Fundamentals 3-8

Break dancing, rhythm, percussion, beats, grooves, and a DEEJAY! Come learn the fundamentals of Hip Hop Dance while learning techniques and the roots of where it all started. Each class will begin with a warm up and jump right into dance techniques. This class will wrap up with a performance showcasing the students' work from the 8-week course.

Grades: 3-8

When: Fridays

Time: 4:15 – 5:15

Start Date: February 1st

End Date: April 5th

Total sessions: 8

Cost: \$150.00

Registration & Payment: Please contact Koni Wray at koni.wray@gmail.com

Wasatch Music Instruction K-8

For twelve years, both on and off campus, Wasatch Music has provided music lessons and ensemble opportunities for students in the McGillis community. Individual & group lessons are available for students exploring guitar, flute, sax, clarinet, base, or percussion. Lessons can be tailored to private or group (2-3 students) settings. Instructional duration is typically thirty minutes. All abilities welcome.

For further questions regarding registration, days & times, rates, payment and course specifics, please contact Dave Murphy at wasatchacademy@comcast.net

Beginning Techies Improv: 4th & 5th

Life is a big improvisation. Whether it's actors making the best of mishaps on stage or techies behind the scenes frantically repairing a broken prop, the skills obtained in theater on and off stage encourage problem-solving and decision making on the fly. We will paint scenery, learn how to use a digital soundboard, and learn improvisational games and skills along the way. Our efforts will culminate in a final performance showcasing accomplishments made throughout the Spring.

Grades: Recommended for 4 - 6

Instructor: Sean Sweeney & Karen Nielsen-Anson

When: Thursdays

Time: 4th grade 3:30-4:50 / 5th grade 4:50-6:00

Class Starts: February 21st

Class Ends: May 23rd (no class March 14th, 21st, 28th & April 25th)

Total Sessions: 10

Fee: \$175.00

Registration & Payment: Please contact Sean Sweeney at seany14@hotmail.com

Intermediate Techies Improv

Some would say improv is like trying to construct an airplane in mid-flight. It requires timing, ingenuity, and trust in your tools. As we step off from beginning improvisational techniques, we will dive into long form and musical applications as well as learn more advanced forms of scene building. This class is offered for those who have completed our Beginning Techies class and are looking to take their existing skillset to the next level.

*This is an on going class and is currently full. Please contact Sean Sweeney with any questions.

*Prerequisite: Beginning Techies Improv

Grades: 6-8

Instructor: Sean Sweeney & Karen Nielsen-Anson

When: Fridays

Time: 3:30-4:50

Class Starts: January 11th

Class Ends: March 29th (no class February 15th & March 15th)

Fee: \$175.00

Registration & Payment: Please contact Sean Sweeney at seany14@hotmail.com

Advanced Techies Improv

You have to first learn the rules of improv so that you can enjoy breaking them! Do you want to advance into a world where improv is as second nature as breathing? Do you want to read your audience without even looking at them or hold them in suspense until you hit that grand punch line that the scene has been cuing up? Would you like to help us run the presentations at McGillis as a stage manager, sound designer, or simply wear a cool headset? This is where you can finally immerse your personality into improv.

*This is an on going class and is currently full. Please contact Sean Sweeney with any questions.

* Prerequisite: Beginning & Intermediate Techies Improv. There is an audition component to this course.

Grades: 6-8

Instructor: Sean Sweeney & Karen Nielsen-Anson

When: Fridays

Time: 4:50 – 6:00

Class Starts: January 11th

Class Ends: March 29th (no class February 15th & March 15th)

Fee: \$175.00

Registration & Payment: Please contact Sean Sweeney at seany14@hotmail.com

Explorations

Futsal Training: Next Step

Why Futsal? This indoor compliment to the game of soccer is an excellent tool for developing quick reflexes, fast thinking, and pinpoint passing. After learning the game, players exercise faster decision making, pass and move more rapidly, and often show greater creativity on the field. Learn the sport that helped make Messi, Neymar, and Ronaldo some of soccer's top players. Sam Rogers, who teaches Physical Education at The McGillis School, is a former professional soccer player and an experienced youth coach for the Utah Development Academy. This introductory class, tailored to beginners, will teach players the basic rules of soccer, and the accompanying foundational skills. Emphasis will be placed on developing the individual player through drills and scrimmages suited for beginners and younger players alike.

Grades: K-2

Instructor: Sam Rogers

When: Wednesdays

Time: 4:50-6:00

Class Starts: February 13th

Class Ends: April 17th

Total Sessions: 10

Location: MAC

Fee \$150.00

Registration & Payment: Please contact Sam Rogers at srogers@mcgillisschool.org

School, is a former professional soccer player, and an experienced youth coach for the Utah Development Academy. This "next step" class, tailored to those who have existing Soccer or Futsal knowledge, will focus on more complex training and build on the foundations learned in the introductory class. Emphasis will be placed on further developing the individual player through complex drills and fast paced scrimmages suited for intermediate and advanced players.

Grades: 3-8

Instructor: Sam Rogers

When: Fridays

Time: 4:50-6:00

Class Starts: February 8th

Class Ends: May 17th (no class February 15th

March 15th April 19th, 26th, May 3rd

Total Sessions: 10

Location: MAC

Fee \$150.00

Registration & Payment: Please contact Sam Rogers at srogers@mcgillisschool.org

Next Step Futsal Training

Why Futsal? This indoor compliment to the game of soccer is an excellent tool for developing quick reflexes, fast thinking, and pinpoint passing. After learning the game, players exercise faster decision making, pass and move more rapidly, and often show greater creativity on the field. Learn the sport that helped make Messi, Neymar, and Ronaldo some of soccer's top players. Sam Rogers, who teaches Physical Education at The McGillis

Spark Lab: Problem Solvers Challenge K-2

Spark that idea in your head and start solving hands on problems in Problem Solvers STEAM Challenge. This offering, themed around problem solving, will challenge students to work independently and collaboratively to solve STEAM themed challenges. Through various hands on, self-directed activities, students will explore their creativity, work collaboratively, and experiment through trial and error.

Grades: K-2

Instructor: Erika Collins

When: Mondays

Time: 3:30-5:00

Class Starts: February 4th

Class Ends: April 1st (no class March 25th)

Total classes: 8

Fee: \$150.00

Registration & Payment: Please contact Erika Collins at ecollins@mccgillisschool.org

Chess: Intermediate/ Advanced 1-8

Intermediate and advanced chess is geared toward students who know how to play and are looking to improve their game and prepare for tournament competition. Students should know the value of pieces, the names of the squares, and how each piece moves and captures.

Students will review opening principals, improve their endgame techniques, solve tactical problems, and play practice games with fellow classmates. Emphasis will be placed on combinations, calculations, tactics, and visualization. Students will also practice using abbreviated algebraic notation and will be encouraged to notate their own games.

Grades: 2-8 (1st graders with existing knowledge of chess will be considered)

Instructor: Marti Olsen

When: Wednesdays

Time: 3:30-4:30

Class starts: January 30th

Class ends: April 17th

Total sessions: 12

Fee: \$160.00

Registration & Payment: Please email Marti Olson at marti.art@hotmail.com

Lego Engineering: Introduction to STEM K-2

In this 8-week LEGO engineering program, students will work individually and in teams to build and design their own LEGO creations using thousands of LEGO blocks. With a new spring curriculum, both new and returning LEGO engineers will get to explore updated projects and challenges. Students will take their LEGO engineering skills to the next level as they construct in an environment of creativity, problem solving, and conceptual thought.

Grades: K-2

Instructor: Play-Well TEKnologies

When: Thursdays

Time: 3:30-5:00

Class Starts: March 21st

Class Ends: May 16th (no class April 24th)

Total sessions : 8

Fee: \$136.00

Registration: Register online at www.play-well.org or call 720-515-7309

Lego Engineering: STEM Challenge 3-6

In this 8-week LEGO engineering program, students will work individually and in teams to build and design their own LEGO creations using thousands of LEGO blocks. With a new spring curriculum, both new and returning LEGO engineers will get to explore updated projects and challenges. Students will take their LEGO engineering skills to the next level as they construct in an environment of creativity, problem solving, and conceptual thought.

Grades: 3-6

Instructor: Play-Well TEKnologies

When: Thursdays

Time: 3:30-5:00

Class Starts: March 21st

Class Ends: May 16th (no class April 24th)

Total sessions: 8

Fee: \$136.00

Registration: Register online at www.play-well.org or call 720-515-7309

Nerd Hour

Okay, it's not one hour, it's two, but if you're intrigued, read on. This exploration will focus on two exciting games, Diplomacy (think Risk) and Dungeons & Dragons (enthusiastic novices welcome!). Critical thinking and creative problem solving are at the heart of these games. We'll learn about game theory, competitive advantage, and long-term strategic play. Most importantly, we'll have a blast while exploring these engaging games!

This is an ongoing class, however, space is available for new students.

Grades: 5-8

Instructor: Stephen Capone

When: Wednesdays

Time: 3:20- 5:20

Location: Room 204

Fee: \$ 100.00

Registration & Payment: For more information please contact Stephen Capone at scapone@mccgillisschool.org.

Game Engineering: Creation & Play-Testing Project

Calling all engineers! Are you inspired by map making, world building, story telling, character creation or role playing? Does designing, engineering, and play testing a game, with your friends sound awesome? Join the Nerd Hour crew for five weeks of design and build adventures through the world of games!

Grades: 5-8

Instructor: Stephen Capone

When: Thursdays

Time: 3:20- 5:20

Class Starts: February 28th

Class Ends: May 9th (no class March 14th & April 25th)

Total Sessions: 9

Location: Room 204

Fee: \$ 110.00

Registration & Payment: For more information please contact Stephen Capone at scapone@mccgillisschool.org.

Foreign Language

AfterSchool Spanish

Bienvenido a la clase de Español! This engaging, now 45-minute class, will be fun-filled with loads of games, activities, and songs that complement the TPRS model that students engage in during the school day. It is a goal of this class to build a child's love of language and expose them to conventional skills and rich culture.

New for Spring, classes will now be split by fluency/ ability level to better suit the needs of existing student groups. Please contact Ms. Alana for student placement.

Grades: 1-2 Beginners – This is an excellent access point for those new to the class.

Instructor Alana Boynton

When: Tuesdays

Time: 3:15-4:00

Start Date: January 29th

End Date: April 9th

Total sessions: 10

Location: LS Art Room

Cost: \$100.00

Registration & Payment: Please contact Alana Boynton at alanaboynton@gmail.com

Grades: 1-2 Intermediate – Although the content will be the same, this group will move at a more rapid pace.

Instructor Alana Boynton

When: Tuesdays

Time: 4:05-4:50

Start Date: January 29th

End Date: April 9th

Total sessions: 10

Location: LS Art Room

Cost: \$100.00

Registration & Payment: Please contact Alana Boynton at alanaboynton@gmail.com

Grades: 2-5 Advanced – This group is for students who have been exposed to Spanish in or out of school for at least a year.

Instructor Alana Boynton

When: Wednesdays

Time: 3:15-4:00

Start Date: January 30th

End Date: April 3rd

Total sessions: 10

Location: TBD

Cost: \$100.00

Registration & Payment: Please contact Alana Boynton at alanaboynton@gmail.com

AfterSchool Hebrew K-2 & 3-5

This lighthearted class, facilitated by Zoe Calahorra, is a wonderful compliment to the Hebrew instruction your child receives during the school day. This offering is filled with games, activities, and songs that support vocabulary and language acquisition and reinforce a love of learning Hebrew.

Grades: K-2 & 3-5

Instructor: Zoe Calahorra

When: Wednesdays

K-2 Time: 3:05-3:45

3-5 Time: 3:50-4:30

Class Starts: January 30th

Class Ends: April 3rd

Total classes: 10

Fee: \$120.00

Registration: Registration & Payment: Please contact Zoe Calahorra at zcalahorra@mccgillisschool.org
